SKILLS

- **HTML,CSS,JAVASCRIPT**
- **PYTHON**
- **REACT**

EDUCATION

- CCS University | Institute of Professional Excellence and Management
  Bachelor`s in Computer Applications   *2023-present*
- XII (CBSE) | Dev Memorial Public School   *84.6%| 2023*

ACADEMIC PROJECTS

- **Calculator**
  - Developed an advanced arithmetic calculator using HTML, CSS, and JavaScript.
  - Features include support for Addition, Subtraction, Multiplication, and Division operations.
  - Implemented functionality for handling complex calculations with parentheses.
- **Clock**
  - Designed and programmed a digital analogue clock application using JavaScript.
  - Mimics the behavior of a traditional analogue clock to display accurate real-time.
- **Spotify Clone**
  - Created a web application inspired by Spotify, focusing on showcasing top NCS (NoCopyrightSounds) songs.
  - Implemented features for song playback, playlists, and user interaction.
- **TicTacToe**
  - Developed a classic Tic-Tac-Toe game using HTML, CSS, and JavaScript.
  - Allows two players to compete by marking O and X symbols on a 3x3 grid.
- **Tasks**
  - Designed a task management system using HTML, CSS, and JavaScript.
  - Enables users to create, edit, and prioritize tasks in a user-friendly interface.

ACHIEVEMENTS / HOBBIES

- Awarded first place in multiple creative PPT designing competitions at university level.
- Participated in various programming contests, showcasing problem-solving skills and algorithmic thinking.
- Enjoy exploring new technologies, experimenting with web development frameworks, and staying updated with industry trends
